

ADVERTORIAL 

# Good Times Ahead for Vorentoe Running Academy, Thanks to Suunto and Murray & Roberts

Together with the Murray & Roberts Running Team, Suunto handed over new running devices to the Vorentoe Running Academy towards the end of February in Auckland Park. The Vorentoe Running Academy, supported by Murray & Roberts, is one of the top ranked running teams in the school league.

**T**ogether with a device, the young runners each received a Suunto hamper and had a fun-filled day on jumping castles and eating cake. Members of the Murray & Roberts team and the Suunto Family spent some time teaching the runners how to use their new devices.

Club Chairman Ed Jardim says, "Our club's many victories each weekend shows a dominance of which we are justifiably proud. I'm equally proud to be associated with the world's leading sports watch company, Suunto, who presented their fine

time pieces to 52 development athletes of the Murray & Roberts/Vorentoe Running Academy."

"These young athletes make up the future of the sport, and with partners such as Suunto, it is clear that they are getting the technical and physical support to be even faster, and thus even more successful. Our goal is to ensure that some of these young athletes eventually represent South Africa on the world stage, and this incredible sponsorship gets them one step closer to that vision," Ed concludes.
